Old Business:

Windy Valley Project--Rusty will meet tomorrow with the contractor re repairs. DEP is concerned about what's upstream coming down. Expect equipment to arrive soon and there has been difficulty getting rock in because of the quarry road. This should be resolved quickly.

Small Projects Grant--Travers may finish today.

Flood Update--still waiting to hear from FEMA; Rusty will call again

Windmill Update--moving along

Litter Pick-up--completed until fall

New Business:

Next year, look at the creek area by Wintermutes

Emily Krafjack moved for adjournment; Clifton Furman seconded the motion. The meeting was adjourned.

Respectively submitted,
